ACADEMIC EVALUATION

Date: October 1, 1999

Name: **AL-MAYAHI, SAFAA**
Country: Iraq/Romania

Degree: Bachelor of Arts Degree in Economics
Institution: Al-Mustansiriyah University
Dates: 1967-1971

Degree: Doctor of Economics
Institution: Academy for Economical Studies, Bucharest
Date of Award: February 2, 1980

Educational Equivalent in the United States:

DOCTOR OF PHILOSOPHY (Ph.D.) DEGREE IN ECONOMICS

Enrollment in Al-Mustansiriyah University is based on graduation from high school and competitive entrance examinations; the University is an accredited institution of higher education in Iraq. Dr. Al-Mayahi entered the University in 1967. He completed his studies in 1971 and received a Bachelor of Arts Degree in Economics, following the completion of the required coursework and professional training and satisfactory passage of the required examinations. The Graduation Certificate is evidence that Dr. Al-Mayahi completed the course of studies at the University.

Dr. Al-Mayahi completed both the general studies and specialized studies which lead to a baccalaureate degree from the University. The general studies included entry-level courses which are a requisite component of a bachelor's degree from an institution of higher education in the United States. Based on the subject matter and credit hours of these courses, most such courses would qualify as equivalent to courses in US institutions. Additionally, Dr. Al-Mayahi completed specialized courses in his area of concentration, Economics. He completed advanced-level classes in Economics, Marketing, Accounting, Agricultural Economics, Economic Planning, International Economic Relations, Economic Development, and related subjects. Upon completion of the required academic coursework and examinations, Dr. Al-Mayahi was awarded a Bachelor of Arts Degree in Economics Degree from the University. The nature of the courses and the credit hours involved indicate that he satisfied substantially similar requirements to the completion of a Bachelor of Science Degree in Economics from an accredited institution of higher education in the United States.

Thereafter, Dr. Al-Mayahi entered the Doctor of Economics Program of the Academy for Economical Studies, Bucharest, in Romania. Dr. Al-Mayahi completed advanced-level

coursework in Economics, research, and the preparation and defense of a doctoral thesis. Further, he completed and defended a doctoral thesis entitled, "The Development of the Foreign Trade of Iraq; the Trade Relations with S.R. Of Romania". Upon completion of the required academic coursework, examinations, and doctoral thesis, Dr. Al-Mayahi was awarded a Doctor of Economics Degree from the Academy on February 2, 1980. The nature of the courses and the credit hours involved indicate that Dr. Al-Mayahi attained the equivalent of a Doctor of Philosophy (Ph.D.) Degree in Economics from an accredited institution of higher education in the United States.

Based on the reputations of Al-Mustansiriyah University and the Academy for Economical Studies, Bucharest, the number of years of coursework, the nature of the coursework, the grades attained in the courses, and the hours of academic coursework, it is the judgment of The Trustforte Corporation that Dr. Safaa Al-Mayahi received the equivalent of a Doctor of Philosophy (Ph.D.) Degree in Economics from an accredited institution of higher education in the United States.

This evaluation is based on copies of the original documents provided by Dr. Al-Mayahi and represented to be authentic and true copies of the original documents. We have no reason to doubt the authenticity and accuracy of these documents. This is a true and correct evaluation to the best of our knowledge and belief, pursuant to requirements of the Immigration and Naturalization Service ("INS") of the United States Department of Justice. The Trustforte Corporation is a credentials evaluation service and academic advisory firm specializing in the evaluation of foreign educational credentials. Past academic equivalency evaluations of The Trustforte Corporation have been accepted regularly by the INS and various US educational institutions.

TO WHOM IT MAY CONCERN:

Re: Dr. Safaa Ahmad J. Al-Mayahi

Credentials of academic standing were submitted to the Comparative Education Service for interpretation and appraisal.

According to these documents, the above-mentioned person registered for a program of studies, at Al-Mustansiriyah University, Baghdad, Iraq and at the Academy of Economics, Bucharest, Romania.

Degree or Diploma obtained: Bachelor of Arts in Economics, in 1971; Doctor of Economics, in 1979.

We would consider the Doctor of Economics to be approximately comparable in level to the standard required for the Doctor of Philosophy (Ph.D) degree from a reputable Canadian university, even though programs and degree requirements may differ to some extent.
